Research Strategies

Theme or Topic What is your focus for inquiry? Identify your research topic or theme.	
Research Questions What are the questions that will focus your research? List a series of genuine questions you intent to answer to focus your research. What additional information do you need to answer these questions?	Questions: Additional Information:
Primary Sources How will you know you've found what you are looking for? List the type of resources you intend to look for to answer your research questions. What primary resources from American Memory will you search for?	
Evidence How do you know that the examples you've found are valid? Once you have located a few examples of primary sources, what is your criteria for selecting these as evidence? Use the document analysis worksheet.	Identify your criteria for evidence:
